FALL EDITION 2010

A MESSAGE FROM THE LEFT SEAT:

Attached to this newsletter is the registration form for our April 2011 Reunion in Charleston, SC. Don't lose it. It's the only one we'll be sending you. As you can see, Tiny has arranged a wonderful program with an extraordinary series of events. I hope to see you all there.

On a sad note, I'm forwarding a request from my friend, Norm Roinestad, for the prayers and best wishes of his friends and former shipmates. Norm has been diagnosed with lung cancer. He hopes to be able to make the reunion but isn't taking any bets on it. If you'd like to contact him, his email address is:

nroinestad@peoplepc.com

and his mailing address is:

4 Rocky Road, Windsor, ME 04363-9714.

He'd love to hear from you.

We're still looking for missing shipmates. If you know the correct addresses of any of the following, please let me know:

Stanley Ball, John Banta, August Barthes, Sheldon Bates, Marvin Baumfalk, Howard Bayles, Waldo Bayles, Vaughan Beard, Robert Beasley, D.F. (Bud) Becker.

From the Online Coordinator

When the summer newsletter was sent out we had ten members' email addresses “bounce” as no longer being a valid address. Unless we hear from them or else receive an updated email address from the membership these members will become lost to us. Check out the email roster under the “Bad Email Section” to see if there is anyone listed there who is a regular correspondent of yours and for whom you have a current address and pass it onto Dan Dwyer at DDWyer1@Maine.RR.Com

On a happier note, since sending out the summer edition of the newsletter we DID receive updated email addresses from nineteen of our members.

Power of the Internet

As a result of our having a squadron web site out on the web, we have recently been in contact with a Marc Osman in California who is an employee of Neptune Aviation Services out in Missoula, Montana. Neptune Aviation flies P2V5 and P2V7 aircraft that have been retrofitted so as to serve as aerial tankers contracted for by the Forest Service to fight forest fires in the Western United States. Marc sent us some photos of LH-8, BUNO 145906 all painted up in “civilian” clothes which almost led to CDR Locke, the former PPC of LH-8 having a heart attack. Thanks to Bob O’Connor, Bill Locke’s Co Pilot who in turn, sent a photo of the NAVY crew of LH-8 in front of LH-8 that flew the bird back in the late 60’s. Here it is 42 years later and she’s still flying!! Check out Neptune Aviation’s web site at NeptuneAviation.Com.
